

Canvasses Underway On Levee Election

Injunction Granted; Winner To Oppose Payroll Practices

Vote canvasses are underway in both Madison and St. Clair counties, and an election contest is in prospect after final results of the East Side Levee and Sanitary district trustee election have been certified this week or early next week. Four incumbent members and a rival candidate were the apparent winners in unofficial vote tabulations.

Three trustees last week obtained an injunction to prevent St. Clair County Clerk I. M. Touchette from changing tally sheets or unlocking voting machines. The candidates backed by Touchette's brother, Centreville Township Supervisor Francis Touchette, plan to seek an injunction today to impound ballots in both counties pending a court decision on their contention of widespread election irregularities.

Thomas Hennessy, only one of the five-man Touchette slate listed as an unofficial winner, told the Press-Record Friday that he believes all his running mates were victorious. He said the announced results will be contested in specific precincts where it is believed the slate actually ran better than indicated. He added that particular attention will be paid to some "south end" East St. Louis polling places, where the margins were heavy for incumbent trustees backed by East St. Louis Mayor Alvin Fields.

"40 Hours For 40 Hours Pay"
Hennessy has issued a statement to reassure them that even before the November election I will attempt to meet with them and see if they will reinstate Local 1387 of the American Federation of State, County and Municipal Employees; release all employees who do not do 40 hours' work for 40 hours' pay; and issue a statement that they will present to the people any new law for appropriation they may need.

With one of its candidates, Ernest E. of Granite City, an apparent loser to Hennessy, the Fields group has centered its vote on voting procedures in the Centreville area and on election-night delays in the St. Clair County clerk's office. A collection of returns from precincts in which levee candidates were on the ballot.

Clerk Touchette has control over all precincts in the county except those in East St. Louis, where the Board of Election Commissioners is in charge.

81 More For Sewczyk
No major changes were made in the East St. Louis canvass Thursday afternoon, but Chief Clerk John Moynihan said 21 votes were added to the total of Michael Sewczyk, a running mate of Hennessy, in the ballot. A large crowd was present for the canvass, and Francis Touchette complained about an unusually large number of absentee ballots and breaking of envelope seals.

The Madison county canvass began Thursday but halted for the weekend due to Good Friday. The board is composed of Miss Eulalia Hotz, county clerk; Recorder of Deeds James F. Chapman of Collinsville, secretary of the Democratic county committee; and Wilbur Gehring of Edwardsville, secretary of the Republican county committee.

Boy Held For Murder Ruled Delinquent

David Luther Fisher, 15-year-old Mitchell boy charged with killing his father March 21, lost a chance for possible freedom Thursday when he was judged as delinquent in the Madison county court.

He was ordered placed under the guardianship of County Juvenile Officer James L. Reidelberger.

On the previous day, Attorney Austin Lewis had obtained setting of a \$10,000 bond during a hearing on his appeal from Circuit Judge Joseph J. Barr. Thursday's action removed the possibility of immediate release on bond. Earlier, the boy had been held without bond at the county jail.

The last county grand jury indicted against an individual pending recommended psychiatric tests. In the county court, a state's attorney charged that the boy "violates the laws of the state, is incorrigible and is growing up in illegality."

Retail Clerks Convene Here Sunday Morning

Among those expected to attend the convention, which convenes at 10:30 a. m., are William C. Maguire, secretary-treasurer of the retail clerks' international union; and Murray Plummer, a state vice-president of the international and regional director of the district.

City Preparing Precinct Data For City Court Vote

City officials, concerned over confusion caused by the difference in city election precincts and those of the recent county election, are preparing maps and boundary line descriptions for the April 30 city court election.

The city established its own election precincts a number of years ago when the Eighth Ward was created and they have differed from the county election precincts ever since. The city has 21 voting precincts, while in last Tuesday's election there were 24 precincts with polling places.

City Atty. William Beatty said he will have available this week a detailed outline of the precinct boundaries which are being adjusted to include the areas annexed since the last election. The annexations have been in the Glenview, Cloverview, Holiday Gardens and Westchester areas. Beatty also plans to prepare maps of the voting precincts.

A turnout of about 7000 voters is anticipated for the Saturday, April 30, election to name a city judge and clerk of the city court for six-year terms. Both incumbents, who are seeking re-election, are completing unexpected terms of the late City Judge Wesley Leuders and Clerk Alvah N. Homan. They are Judge Fred P. Schuman and Mrs. Helen Homan, daughter-in-law of the former clerk, who are on the ballot as the All-City Party.

Also running are Horace L. Calvo for judge and Mrs. Harry (Marilyn) Ward Jr. for clerk on the Citizens Anti-Levee Board Party ticket and independent clerk candidates, Marvin Tedder and Al Ward Jr.

Richard Griffin Jr., 4, Dies of Cancer
Richard James Griffin Jr., 4-year-old son of Mr. and Mrs. Richard J. Griffin Sr., died of cancer at 4:20 p. m. Saturday in Children's Hospital in St. Louis. He had been ill for 2½ years and in the hospital for six days.

Richard was born in St. Louis but lived in Granite City all his life. His father is a politician at Granite City Steel Co.

Richard also is survived by a sister, Debra Ann, eight months old; grandparents, Mr. and Mrs. Andrew Jess Parks and Mr. and Mrs. Fernan Griffin of Granite City; great-grandparents, Bertha and John Griffin of Madison, Ill.

Funeral arrangements are given in today's obituary column.

Walkie-Talkies, Pushbutton Controls Speed GC Traffic

Police Chief Raymond Willard said the experiment proved successful and will be tried again next Friday. It is possible the timing on the signal lights might be revamped as a result of the tests.

Chief Willard said the difficulty is greatest on Edison avenue, where traffic sometimes is stalled south of 19th street. The five-way signal controls an entire cycle in 70 seconds with the shortest "green-light" time allocated to Edison avenue.

To remedy the problem during Friday's pre-Easter shopping rush, Chief Willard arranged for a patrolman, equipped with a walkie-talkie unit to operate the signal lights at the busy intersection by pushing a button. The officer on duty at the Granite City Trust & Savings Bank lot, also with a portable radio unit, kept in close contact with the signal man to avoid any tie-up of traffic.

He said the special operation was conducted from 3:30 to 6 p. m. and will be repeated this coming Friday when another rush, Chief Willard predicted, would be expected because of pay day for a number of local industries.

Undergo Surgery
Mildred Coker, 2917 Ash, Warren avenue, died Donald Wallace, 2222 Bryan avenue, are recovering at St. Elizabeth Hospital from surgery which was performed Thursday.

Rain Hinders Egg Hunt
Because of bad weather, the Madison Lions Club gave out colored eggs and candy from the truck to over 400 youngsters Saturday at the high school instead of having a regular Easter Egg hunt.

Disaster Group To Meet
The disaster division of the Madison civil defense staff will hold a planning meeting for the May 7 national drill at 7:30 p. m. Wednesday at the Madison recreation center.

Polio Clinic To Be Conducted Thursday
The free polio clinic started last fall with first and second shots will be completed from 8:30 to 11 a. m. Thursday, when third shots in the series will be given at the Madison recreation center, Seventh street and Lee avenue. About 2500 received the first two anti-polio inoculations, and a similar total is anticipated Thursday. Members of the Tri-City Medical Society will administer the shots.

Safecrackers Fail At VFW Sunday Night

Fireman Called To Blaze In Own Home

Granite City fireman Harry Hillman lost no time driving the downtown ladder truck to a fire about 7:35 a. m. Friday. The alarm came from his own home at 2324 O'Hara avenue.

The alarm was in the area served by the Naneels road station, but the downtown ladder truck also answers all fire calls. Hillman arrived to find a short circuit in his television set transformed the damage was set at \$25.

The fireman said his youngsters are early risers to watch television. Arrangements were made immediately for repair.

2 Women Injured In Auto Crashes
Pauline Simmer, 3145 Willow avenue, suffered an apparent minor neck injury at 6:15 a. m. today at Main street and Bremen road, Venice, in a collision between the auto of Billy D. Simmer, 3145 Willow, and Henry Pritchard, St. Louis. There was extensive damage to the left front of Pritchard's car and the right side and rear of the other vehicle.

Sandra Huff, 17, Route One, Collinsville, suffered minor injuries at 1:35 a. m. Sunday while a passenger in an auto which was struck by a hit-and-run car on Edwardsville road at 20th street.

She was riding with Howard Huff Sr. of the same address, who was headed north on Edwardsville road and starting to turn left onto 20th street. The right rear fender of the Huff car was struck by the left front of the other auto, which continued north without stopping.

Train Backs Into Car
An Illinois Terminal Railroad train that was backing along the Washington avenue railroad crossing between Race street and Collinsville avenue, south of Madison, struck the right rear fender of the auto of Earl Merfield, 27, Collinsville, at 2:32 a. m. Sunday. He escaped injury and drove the car away. Court-Cor Horn, Florissant, Mo., engineer, said he applied brakes on the 15-car freight train when he saw the car, which was attempting to cross the tracks.

Unable To Open Safe; Knife Holdup Attempt; Church, Home Entered

Safecrackers extensively damaged a safe at the VFW post but failed to open it, instead settling for the money in coin-operated machines at the club-room.

In other weekend activity being investigated by police, a knife was used in a robbery attempt at a service station, burglars entered a church and home and there were thefts of an auto and from another car.

Burglars equipped with a cutting torch were unsuccessful last night in attempting to open a safe at the Veterans of Foreign Wars Post 1300 headquarters but made off with an undetermined amount of money after smashing open four coin-operated machines.

Police were summoned to the club-room at 11:30 p. m. Sunday night, at 6:45 a. m. Sunday by the janitor, Roy Glisson, 2429 Madison avenue, who reported he had found the door ajar at the alley had been forced open. The officers said the door frame was splintered.

The thieves did not disturb the liquor stock or about 200 pennies in the cash register, but went to work on the floor safe. The combination was knocked off and two holes were "burned" through the door, but the effort proved fruitless.

The coin-operated devices forced open included a juke box, cigarette machine, bowling game and pinball. The cash register, money boxes were emptied. The only machine left untouched was one which dispenses candy.

Police Holding With VFW
A service station attendant used his fists to drive off two would-be holdup men Friday night.

The county sheriff's office said Frank Terrell, 3858 K St., Upland's Service Station on Route 162 near Horseshoe Lake, 10:25 p. m. Friday, and one of the two men drove up to the station, brandishing a knife and demanding money from the cash register. "Give me the money!" was the demand to Terrell.

Terrell refused and struck one of his assailants, and both fled without obtaining any money.

Area police were alerted for a fire-green 1952 or 1953 car with a fire assembly on the rear. A possible 1960 Illinois license number was listed.

The holdup man was described as tall, slender, 45 to 50 years of age and having scars on his face. A detailed description of his companion was not given.

Terrell was scratched at the stomach by the knife when he struck the robber, but did not require hospitalization. The assailant is located a mile and a half northeast of Granite City.

Enter Church Last Night
Burglars apparently used a plane to force a side in the rear of the new St. John Lutheran Church at 2301 St. Clair avenue last night, ransacked the church office but did not obtain any money, Granite City police said.

Move To New Fire House 'Very Soon'
Downtown station firemen are virtually packed and ready to go whenever "M" day is designated for the move to the elaborate \$33,000 fire house at 23rd street and Madison avenue.

Fire Chief Elijah King said today the move will be "very soon," probably next week, but a date has not been set. He indicated that if final plumbing and painting work can be completed sooner, the moving day might be advanced into this week.

"We're all ready and nearly packed. The men have been cleaning and renovating the equipment we will be taking over from the existing station spotless for the new building," Chief King said.

Once the downtown station is moved, the city plans to open two downtown streets to two-way traffic—15th street from Madison avenue to Cleveland blvd. and State street from 18th street to Nidderhagen avenue.

An ordinance to return to two-way traffic was adopted early this year but is being held in abeyance until the fire house move.

Tactics of Some Large Dairies Are Assailed

The Pevely and Adams dairies in St. Louis and some dairies in Michigan, Indiana, California, Tennessee, Arkansas, Iowa and Texas apparently are trying to drive small dairies and independent dairymen out of business, a House Small Business subcommittee was told Thursday by its investigator, Brooks Robertson. Rep. John McCormack (D) cited "chaotic and deplorable conditions in the dairy industry."

Robertson reported "verified" complaints from Granite City, East St. Louis, Belleville and other Illinois cities that two St. Louis dairies "continue to flood the market in nearby southern Illinois with their milk at wholesale prices always below the wholesale prices offered by independent dairies in Illinois regardless of the general and competitive price levels."

He related charges that some large dairies are using "sales below cost, discriminatory pricing and a planned program to eliminate small dairies. He reported milk being sold at some places in southern Illinois "at the ridiculously low price of ten cents per half-gallon."

High School Girl Hurt In Collision of Boats

A Granite City high school junior was injured slightly Sunday when a boat in which she was riding was struck on the side by another craft on a creek near Adams. The boat of Miss Diana Routh, 16, had run out of gas and was drifting when it was hit by the other boat which was unable to stop in time to avoid a collision.

Miss Routh, daughter of Mr. and Mrs. Gordon Routh, Old Alton road, Mitchell, was given emergency treatment at St. Elizabeth Hospital for strains to her back.

In other cases handled by the hospital, Stephen Kuehn, 22-month-old son of Mr. and Mrs. Everett Kuehn, 4904 Kirkpatrick Homes, underwent a stomach lavage after his mother thought he had eaten part of a toilet deodorant. The 10-year-old son of Mr. and Mrs. John Katzman, 105 Kinder lane, had a pill removed from her left nostril and Diana Kinworthy, 4, daughter of Mr. and Mrs. Grayson Kinworthy, Glen Carbon, had sutures applied to her left foot after she had cut it on glass.

Price Backs Bill For Madison Toll Bridge

Testifying last week before a House Public Works subcommittee, Cong. Melvin Price (D) urged approval of a bill to permit the city of Madison to construct a toll bridge near its present bridge. He said it would be needed after completion of a four-lane toll-free federal bridge north of the Chain of Rocks Bridge.

Price, who sponsored the bill, asked the group to overlook objections by the U. S. Bureau of Roads. He said Illinois and Missouri highway departments feel the proposed interstate highway bridge will not be able to meet future traffic needs. Army Secretary Wilber Brucker last month approved plans for the free bridge, ruling that its clearance is enough for navigation.

WEEKLY NEWS LETTER

CONGRATULATIONS MR. & MRS. TAXPAYER OF GRANITE CITY. You have shown by your vote in the recent Primary your distaste for the levee board taxing body.

Now that the Primary election is over, my opponent will turn the full force of the machine toward the City Judicial Election. As usual, he will no doubt make promises of more court settings and increased time devoted to the City Court. He will tell you of the wonderful job he has performed, belabor you with statistics, and attempt to confound you with his experience and past record.

The one thing he cannot and will not do, is give you what, as taxpayers, you deserve . . . your full tax dollar's worth of justice! This you are entitled to and this I will give you.

You will find in the coming Judicial Election on Saturday, April 30, again have an opportunity to beat the levee board machine headed by the Schuman-Nonn faction. Mr. Schuman and Mr. Nonn are both on the payroll of the levee board.

If you want to defeat this machine and do your part in bringing efficiency and economy to local government, see that your tax dollar gets a full dollar value. Vote for "JUSTICE FULL TIME, NOT PART TIME".

"DISCOUNT" OR PADDED PRICE?

When you shop for a piano or organ, look for a price tag. This price tag should be the selling price whether you're paying cash or buying on terms. If you're offered a "discount" for cash, watch out! Chances are the price tag did not reflect the true value. And you'll never know whether someone else could have gotten the same instrument at an even lower price.

Johnson Music, the one-price store, quotes a fair price on every instrument. And they quote the same price to all. If you want to buy on time, a low rate of interest is added to this price so you, the buyer, knows exactly where you stand. Johnson Music has a large selection of new and used pianos and Lowery Organs. For finest selection, for fair treatment, for service after the sale, buy from Johnson Music the one-price-to-all store.

But many silent tears are shed.
While others are asleep.

Old Milwaukee Lead Cut To One Game; Finals On Saturday

Granite City Old Milwaukee's lead was cut to one game Saturday night on the 66 Bowl lanes in Edwardsville as members of the Southern Illinois Bowling Proprietors Classic League rolled their next-to-last round of the regular season.

Old Milwaukee dropped three games to East Alton Bowl Inn, and second-place Alton Falstaffs took advantage of the locals' slump by hanging a 3-0 loss on Lewis and Clark Motor Lodge of Wood River.

The season championship will be decided Saturday in the final legging session of the season, a position round on the Spivey Lanes in East St. Louis. Should the Old Milwaukee and Falstaff teams end regular play in a tie for first place, a roll-off will be scheduled before the teams pair off for trophy and cash competition.

O'Fallon Sports Bowl recorded the third sweep of the evening, defeating Collinsville Busch Bavarian while Belleville's Carling Stags won two of three from East St. Louis Brunswick Pro Shop.

Park Softball Leagues Draw 15 Entries

A total of 15 teams are tentative entries in four softball leagues to be sponsored by the Granite City park district during the 1960 season on the Wilson Park diamond, Recreation Director Harold Brown announced after an organizational meeting held last week.

Expressing interest in entering the Classic league are the 1959 state Class "B" champion Millie and Mickey's squad, American Legion Post 113 and Spengler Oil. Brown said the Second Baptist team, which is in the Church League last season, may be the fourth Classic entry.

In the Class "B" probable entries are the Green Hall AC, defending champions, Neighborhood and Industrial league teams last season, Granite City Steel Co. and A. O. Smith Corp.

Four teams have expressed interest in the Teenage loop, including the Triangle, Ecama and Alameda Hi-Y clubs from the YMCA and Roca Club. One new division, a slow pitch league for players 35 years of age or older, has attracted three possible entries. Brown said they are Bethel Community WPCW, 1500 and a third squad which has not yet found a sponsor.

Brown said the Church and Industrial leagues probably will not be in operation during the coming season due to lack of interest and the switching of clubs from one league into another. The park softball season will open on May 16 or May 23. Brown said Teenage games will be scheduled on Monday, beginning with the end of high school sports, Class "B" games and Tuesday and Wednesday Classic games on Thursday and the Slow Pitch league on Friday. On Saturday evenings, the softball diamond is to be reserved for make-up and rained out games.

Coolidge 9th Grade Track Team Downs Wood River 81-23

Coolidge 9th grade track team every event except the shot put in downing the host Wood River freshmen Thursday afternoon, 81-23. It was the second one-sided track meeting in two days for the Braves. They were on the short end of a 91-13 score at the hands of West Junior high of Alton Wednesday.

One of the few exciting races in the meet was the 440. Vasiloff of Coolidge overtook Wood River's Ron Sorges at the last second to gain the victory.

Most of the times were slow because runners had to fight a stiff breeze.

Jim Parker paced the Braves with 13 points on firsts in the 50 and 100-yard dashes and second place in the broad jump. His time in the 50 was 6.1 and in the 100 was 11.7. Larry Wortham scored 124 points with a first in the broad jump, seconds in the shot put and 220 and membership on the winning relay team. He won the broad jump with a leap of 17-6.

"If he would have done that at Alton, he would have won," the coach said. "The winning leap there was 15-6."

GC Finishes Low In Relay Meet

Granite City's track squad could score only one-half point in the open division and none in the relay division of the Maplewood, Mo., relay Friday and Saturday. The Illinois side of the river did well at the meet, however, as Alton won both the open and relay divisions, each by big margins.

Seven class AA records either were broken or tied, and four were topped in class A. Granite City is in the AA class, for schools with top records in the meet in former years.

David Davis finished in a fifth-place tie in the high jump to gain Granite City's only score. His jump of 5-10 was two inches short of the winning height.

"I thought his performance was pretty good, since he also cleared 5-10 the day before," Warrior Coach Jack Richardson said. "Consistency is a necessary requirement in high jumping."

Another improvement cited by Richardson was Ron Ruppel's broad jump of 20 feet, his top mark for the year. It was good for only seventh place in the relays, however. The winning jump was 21.7.

Other improvements were a 1:37 time in the 880 relay and 3:40.7 in the mile relay, both for the Warriors this year. The mile relay was won with a time of 3:28.2, a new record for only seventh place in the relays, however. The winning 880 relay time was 1:30.

"We need a lot of work," Richardson said. "A lack of numbers is a tremendous handicap to us. Our 38 boys make it difficult to compete with the 100 from Alton and East St. Louis. Our problem is to get more boys out for the sport."

The Warriors will host Edwardsville at 4 p.m. Friday in the first home meet of the season.

Youngsters Can Still Enroll In Tennis Program

Alvin Barnes, president of the Granite City Tennis club, reminded youngsters today of the change in time for the Saturday tennis Club-Olympic Club sponsored net clinics at Wilson Park. The sessions are being conducted from 2 to 4 p.m. each Saturday at the Wilson Park courts, and youngsters in public and parochial grade schools still have an opportunity to register for the program.

Earl Bunkhiser is the instructor for the clinics, which began their second season Saturday afternoon with about 50 youngsters attending.

Young tennis enthusiasts can still enroll at their schools this week. Fee for the three-month instructional program is \$1. James Holland is chairman of registration at parochial schools, and Walter Klein is in charge of the public school tennis enrollment.

Easter Seal Campaign Ends Short of Goal

Although the drive officially ended Sunday, members of the Easter Seal Society in Madison county are hopeful that late contributions will raise the total to a more respectable point.

As of Saturday, when the last count was made prior to Easter, only \$884.4 was received from 55,000 appeal letters sent out to residents of the county. This is less than 50% of the \$235,000 goal and even less than the \$16,000 minimum needed to operate two treatment centers.

A spokesman for the society said that all plans for the year will have to be dropped. Slightly over 120 persons were helped last year by the Alton and Edwardsville rehabilitation centers for over 600 crippled people in the county needing aid, the spokesman said.

Although one of the largest contributors to the fund was the Quads-Cities contributed less than one-eighth of the money needed, figures were received by Mrs. Carol Roach, executive director of society.

Of the 133 appeal letters sent here, only 731 were answered with contributions totaling \$1,400. Most of this, \$907 came from Granite City where 602 people answered letters. Madison county raised \$126 in letters, Venice \$30 in 21 and Mitchell \$7 in four letters.

Counting school card contributions and other donations will close this week.

Optimist Egg Hunt
Approximately 600 children and their parents took part in a hunt for 4500 Easter eggs, staged near the Nidderingham school in Wilson Park Saturday morning by members of the Daybreak and Twilight Optimist clubs.

Hunt chairman said inclement weather held the size of the crowd down, but that some youngsters showed up wearing raincoats. Divided into three age groups, the youngsters hunted the eggs, which were placed by Boy Scouts in three separate areas. Children too young to hunt by themselves were given eggs.

Education Discussed

Dr. Earl Lee, assistant to the Granite City superintendent of schools, spoke on education before members of the Granite City Civic Improvement Association Thursday in the Maryville road school cafeteria.

Lee, in discussing the foreign language program of the city's junior high schools, said that Granite City may soon be offered. He also praised the quality of the teachers in Granite City and said the reason for this is because applications are greater than need and the board can afford to choose.

In a question-answer period after his speech, Lee admitted that schools are still crowded, even though several new buildings have been opened.

The main topic of discussion of the association in its business session was taxes. Because of a drop in the value of property, there was no quorum at the meeting and little action was taken on the other subjects presented.

EDITORIAL

Task For State: Require At Least Two Madison County Residents On Levee Board

Now that Madison county has been shut out of the East Side Levee and Sanitary District trustee election as far as Democratic nominations are concerned, it would be well for the state legislature to consider a law making adequate representation mandatory. The problem has existed to a considerable degree in the past, and it was dramatically illustrated by St. Clair county candidates' sweep of the Democratic primary election last week.

As pointed out in the Press-Record prior to the 1960 election filing period, property owners in the Madison county portion of the levee district pay over 41% of the taxes. With the board of trustees consisting of five members, it is reasonable that two of the five should be from Madison county.

The Republican party nominated two Madison county residents, but its chances in the heavily-Democratic levee district area can only be described as remote. Neither the Fields nor Touchette factions of the Democratic party saw fit to support more than one Madison county man, and each of the two major slates included four St. Clair county residents. As a consequence of the unfair balance on the tickets, the closeness of the voting and the fact that St. Clair county cast more than two-thirds of the ballots, no Quaid-Cityans were nominated.

There seems to be a precedent in the law for the existing situation to be corrected. Statutes regarding some school districts, such as the Granite City community unit district, provide for a minimum of two representatives of the minority in this case the Madison county section. And laws governing bonded indebtedness of levee districts take note of the existence of separate areas within a district.

Since this community makes up slightly more than two-fifths of the East Side Levee and Sanitary District, but has been unable to obtain an adequate number of board members in elections generally controlled by the southern end of the district, the only remedy appears to be action in Springfield. By requiring that not less than two of the trustees reside within the Madison county portion of the district, the state legislature could achieve adequate representation for levee district taxpayers, effective with the 1964 election.

Harbor Development Timely In View Of Visit By State Industrial Board

When the State Division of Industrial Planning and Development advisory board meets here this week, it may wish to give extensive study to the area adjacent to the Chain of Rocks canal harbor, as well as other prime industrial sites in the Quad-Cities.

Increased attention has been focused on the harbor by the Tri-City Regional Port District's announcement of plans to develop multi-million dollar cargo handling facilities for use this fall. Still less than a year old, the port district deems it essential to make a start on facilities at the harbor site, and is arranging for a revenue bond issue based on the shipping business of two nationally-known grain firms.

The port board has decided to operate loading, unloading and storage facilities, and will be in a

position to continue expanding its port operations once the activity there is underway. The major hurdle has been the task of getting started, and the likelihood that public facilities can be established without cost to taxpayers is a tribute to the foresight and extensive planning work of the seven-member board and its general manager.

Plans call for the bonds to be sold by mid-summer, with the handling of river cargo beginning a short time later. The state industrial planners will have an opportunity to study a solid start toward an ambitious development program when they meet here Thursday.

Madison Street Improvement, Truck Removal Will Aid Safety, Appearance

When work is completed on Madison avenue in Madison, the street will conform to state highway specifications and also will be a highly functional and attractive thoroughfare.

With the state providing 75% of the financing and the city 25% from its share of gasoline tax funds, six full lanes will be created, along with a four-foot elevated strip down the middle. The 64-foot-wide street will include a parking lane on each side, two north-bound lanes and two south-bound lanes, with its safety potential enhanced by the traffic island and removal of street car rails. School traffic signals will replace the present stop signs at Sixth and Tenth streets, eliminating all stops other than lights.

The brilliant network of whiteway lights has improved the appearance of the ten-block "Main street" of Madison, and the quarter-million-dollar widening and repaving program should make it one of the safest and most modern streets in the Illinois Metropolitan Area.

The state of human beings can be understood when one realizes the average man will be surprised if somebody does him a favor.

County Action Needed To End Counting Delays At Precinct Nine

The day after the primary election, a natural question in most people's minds was, "Who won?" It was a good question, but there was no answer in regard to some of the offices, because ballots were still being counted. Finally, at 7:45 p.m., over 25 hours after all polls had closed, the poll judges completed their work at Precinct Nine in Granite City.

Whether by chance or design, such late reporting should not be tolerated. Yet it has often been well into the day following an election before the last votes in No. Nine were tallied. Dividing of the precinct has been considered in the past due to the consistent difficulty in arriving at the election results at an early hour, but it has never been approved.

For the sake of weary poll judges and candidates and interested citizens, some change for the better is in order. Whether solution of this problem will necessitate more precincts, voting machines, or more training for poll workers, county officials responsible for conduct of elections have a clear duty to take action.

You can travel thousands of miles without finding better people than those who live next door.

Vandals Cause Damage

Vandals, described as two boys, tore a mailbox off the home of Mrs. Robert Ellisworth, 1861 Spruce street, and then broke a radio aerial off an auto parked in front of the house and smeared mud on the car, according to a report yesterday to Granite City police. Mrs. Ellisworth said the vandalism occurred on Friday.

Water Causes Fire Alarm

Water was blamed for a fire alarm answered Friday morning by Granite City firemen who were summoned to the home of Sam. Manosian, 2221 Iowa street. Water being used to wash walls had run into an electrical outlet, causing a shower of sparks and a hasty call to the fire department. No loss was reported.

Receives Replica of TV Satellite Photo

A reproduction of a photograph taken by the United States satellite equipped with television cameras was received last week by Claude Cochran of 1905 Cleveland blvd., local realtor, from an acquaintance at Pease Air Force Base, New Hampshire, where photos taken by the satellite are processed.

Including most of the Middle East, the original photograph was made from a distance of 450 miles above the earth's surface at 8:15 a.m. Greenwich time, April 8.

Areas visible include the eastern half of the Mediterranean Sea, as far west as Italy, the entire Red Sea, Persian Gulf, plus portions of Egypt, Palestine, Jordan, Turkey, Greece, Yugoslavia and North Africa. The Nile River in Egypt is also visible.

Most of the area is covered with layers of clouds, which are plotted and charted by the Air Force air weather service. Principal use of the satellite is to aid in the prediction of weather. The replica received by Cochran is of the photo taken on the satellite's 115th orbit around the earth.
